

APPLICATIONS

Legion's My-T-Lite™II 317 series is the Mighty Midget to solve your lighting problems. Ideal selection for limited space and maximum output, provides superior task lighting. Fits anywhere, a high quality specification grade fluorescent luminaire formed of heavy gauge steel.

The choice of designers, and specifiers for homes, schools, banks, offices, hospitals etc. Available in various sizes and wattages. Easily installed and maintained.

SPECIFICATIONS

CONSTRUCTION: Die formed of heavy gauge steel, rigidly fabricated to insure true and perfect alignment.

MOUNTING: All My-T-Lite fluorescents can be mounted individually or in continuous rows, knockouts provided at both ends for feed-thru and entry.

ELECTRICAL: Thermally protected class "P" Energy Saving Instant Start HPF 265MA-T8 electronic ballasts for 118V 60Hz operation standard. Other ballasts, voltages and frequencies available, (see OPTIONS). Grounded convenience outlet included with fixture (not installed). All electrical components mounted on wiring channel for ease of installation and servicing.

SHIELDING: Ribbed translucent white acrylic wraparound plastic diffuser standard, destaticized and flexible, easily snaps in and out for relamping.

FINISH: All steel component parts are completely protected against rust and discoloration by an Anchoring Process and coated with 365° high quality sprayed baked white synthetic enamel for maximum durability, providing a high reflective efficiency.

CERTIFICATION: The Series 317 is U.L. and C.U.L. listed and bears the label of the I.B.E.W./AFL-CIO, Local #3.
