

APPLICATIONS

Legion's My-T-Lite™ Plus Series 324 with opaque white front and clear linear prism bottom, provides maximum light on the task with minimum glare. The shallow nominal 1³/₄" depth allows our My-T-Lite™ Plus luminaire to blend unobtrusively with your decor. The low silhouette design fits anywhere and solves many application problems, providing superior task lighting.

The choice of designers, and specifiers for ease of installation and maintenance. Available in various sizes and wattages. For offices, stores, schools, hospitals, public buildings and private residences.

SPECIFICATIONS

CONSTRUCTION: Die formed of heavy gauge steel, rigidly fabricated to insure true and perfect alignment.

MOUNTING: All My-T-Lite™ fluorescents can be mounted individually or in continuous rows, knockouts provided for feed-thru and entry.

ELECTRICAL: Thermally protected Class "P" Energy Saving Rapid Start HPF 265MA-T8 electronic ballasts for 118V 60 Hz operation standard. Other electronic ballasts, other voltages and frequencies available. (See OPTIONS).

SHIELDING: White opaque front, with clear linear prism bottom acrylic plastic wrap around diffuser standard, destaticized and flexible, easily snaps in and out for relamping. Optionally available all white translucent 100% DR acrylic, see OPTIONS.

FINISH: All steel components parts are completely protected against rust and discoloration after fabrication through an automated conveyORIZED multi-stage phosphate bonding process. Finished with an electrostatic baked white polyester thermosetting powder coating. This electronic computer controlled integrated system assures consistent 88%+ reflectance efficiency and maximum durability.

CERTIFICATION: The My-T-Lite™ Plus Series 324 luminaire is U.L. and C.U.L. listed and bears the label of the I.B.E.W./AFL-CIO, Local #3.
